

## HARSHAL VADAK

Phone No: 9309950636

E-mail: harshalvadak4141@gmail.com

---

### Objective:-

To develop a career in a company that will utilize my skills and provide me an opportunity to further enhance my knowledge. To also seek a challenging and rewarding career that provides avenues for continuous growth utilizing my creativity and zeal to learn.

### Technical Skills:-

Programming Languages	Core JAVA , Advance JAVA
Web Languages	HTML, CSS
Operating System	Windows, Linux
Databases	MY SQL
Framework	Spring Boot

### Project Details:-

#### Project 1:

Title - Fake Product Review Monitoring System  
Tools and Coding Language - JAVA , Machine Learning ,NLP  
Team Size - 3 members

#### Project Details –

Designed and implemented a comprehensive Fake Product Review Monitoring System to combat the proliferation of fraudulent reviews across e-commerce platforms. Leveraged advanced technologies such as Natural Language Processing (NLP) and machine learning to analyze review data and identify suspicious patterns indicative of fake reviews. Employed sentiment analysis and machine learning algorithms to classify reviews as genuine or fake, achieving an accuracy rate of over 90% through iterative model refinement.

#### Project 2:

Title - Real time weather Forecasting website  
Tools and Technologies - JAVA , Servlet , Html ,Css

#### Project Details –

Led the development of a real-time weather forecasting website leveraging Java Servlet technology to deliver dynamic and interactive user experiences. Designed and implemented the backend infrastructure using Servlets to handle HTTP requests, retrieve weather data from external APIs, and serve responses to client-side requests. Integrated with third-party weather APIs such as OpenWeather to obtain current weather conditions and forecasts for global locations.

### **Project 3:**

Title - Online Book Store System  
Tools and Technologies - Spring Boot , My Sql , Java

#### **Project Details –**

Developed Online Book Store System by utilizing Spring Boot framework to create a scalable and robust web application. Designed and implemented the backend architecture using Spring Boot, Spring Data JPA, and Hibernate to provide a reliable and efficient data access layer. Implemented RESTful APIs for managing book inventory, processing orders, and handling user interactions.

#### **Academic Qualification :-**

Particulars	Institution	University/Board	Year of Passing	CGPI/Percentage
BE	Padmabhooshan Vasantadada patil Institute Technology , Pune	Savitribai Phule Pune University	2024	7.80
HSC	Padmashri Vikhe Patil College Of Arts , Commerce & Science	Maharashtra State Board Secondary & Higher Education	2020	72%
SSC	Friends Education Institute , Koregaon Bhima	State Board	2018	89%

#### **Internship :-**

- Friends Union for Energising Lives [16 JAN 2023 - 18 FEB 2023] : Core Java Developer .

#### **Certifications :-**

- Java Full Stack Web Development by Link Code Technologies pvt Ltd.
- Infosys Programming using java .
- Infosys Database management System .

#### **Personal Details:-**

<b>Name</b>	Harshal Rajendra Vadak
<b>Date of Birth</b>	May 5 ,2002
<b>Languages Known</b>	English, Hindi, Marathi
<b>Gender</b>	Male
<b>Current Address</b>	Kothrud depot , Pune 411038
<b>Permanent Address</b>	Nimgaon Jali , Tal – Sangamner , Dist – Ahilyanagar
